TURKANA  
MISSION

## SALVATIONS & BAPTISMS

**Napetet-31 professions of faith** were made and **19 were baptized.** My old solar panels were installed this month to help with our evening classes during LBBI-Turkana.

**Kalokol-**This church **baptized 8** and has had many visitors since the completion of the new building. We finished their cement this month.

**Nanyangakipi-**There were **12 salvations and 22 baptisms.**

**Nakechichok-**This new church had **5 saved and 13 baptized!** Please pray for the elder men in this village. They are slowly coming to our services...but none of them have received "our" Christ yet. Pray for them!

**Nangolipus-24 made professions of faith** and Pastor Moses had his first baptism service and **baptized 14!** Plans are in the works to get permission from the elders and to try and build in March or April. Please pray for this.

## LBBI-TURKANA

**Napetet-**The second week of January, we welcomed another batch of new students to our Bible institute. Pastor Peter from Nanyangakipi and Pastor Moses from Nangolipus began their two-year journey through our Basic Bible Studies level. Both are exceptional students and proved diligent in their studies when they scored near perfect marks on their tests. Please pray for them.

*Study to shew thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth. 2 Timothy 2:15*

## CONSTRUCTION

**Kalokol-**The first week of January was spent pouring a cement floor in this church. It was a long, hard week of labor, but the members now have a beautiful concrete floor. Please pray for Pastor Steven and this church as they now "rebuild". The building is done...but the people still need work!

**Nakechichok-**The American school, Rosslyn, in Nairobi asked if they could send part of their Senior class to Turkana for a Cultural Field Study (CFS). Ernie Hopper

guided the group to the extreme Northwest of Kenya and we put them to work! They worked closely with our church members cutting palm branches along the Turkwel River, hauling them back to our building, and nailing them in place. To show their appreciation for the student's hard work, the village held a goat roast. Everyone feasted on heated blood and fire roasted meat!

**Thank you Rosslyn and Hopper, you are a blessing!**

## SOLAR BIBLES

In May of 2008, I was introduced to MegaVoice. Part of their ministry is to produce the New Testament in a local language on a solar powered radio. As God would have it, they have such a radio with the Turkana language. I bought 108 at a price tag of \$4000 or \$37 each. Thank you to all those who helped make that possible. Each of our 5 churches was given 15 players to be distributed among their members; each village chief, sub-chief, and area chief was also given; each student in our Bible institute received one; and the new Bible study in Goit was given 5 players. I have tried to disperse them wisely and sparingly...but it is the Word of God...I cannot hold it back! For a people who cannot read, this is the only means they have to hear the Bible outside of our church services. I have depleted my stock of players, so **I ask you to pray about helping another family or village have the New Testament with these solar players!** A family is \$37, a village is \$555.

Mzee Paulo and wife Helen & Mzee Jacob and wife Paulina with their New Testament solar players!

**I Cannot Believe** while working on the building in Nakechichok, I developed sun poisoning. It is quite a bit different from heat rash...and much more painful.

**PLEASE, PRAY FOR MAC-MED AND THEIR TIME IN TURKANA...20 FEB-3 MARCH!!**

I covet your prayers for my skin. The doctors have said I have a severe case of sun poisoning. It is caused from over exposure to the sun. I am told I should not go out into the sunlight and take extreme measures to cover all exposed skin and find shade when I do...long enough for my reactivity to calm down...some have said a month or 2! URG!! I cannot or should say I will not sit that long. So please pray for healing.

If you get a chance, check out my website, [www.turkanamissions.org](http://www.turkanamissions.org), and leave a comment for me in my journal. I would love to hear your thoughts! Much love, E kiru
